VISION BOARD PARTY

Why use a Vision Board?

“You are what you manifest.”

The intention behind creating a vision board is to get a clear picture of what you want to achieve, and then to **revisit it daily** to remember and tell yourself that you can achieve it.

As you keep practising this regularly with an open and confident heart, you start to **attract your goals** into your life. After all, **believing in yourself** is one of the most important steps towards achieving your dreams.

How to Make a Vision Board?

Making a vision board is an awesome process where you get to **design how you want to shape your life**. We'll help you to choose the kind of photos and words you should use in your board.

THINK

Take some time and think about what you want for your life in the next year, or the next 5 years, it's up to you.

- Do you want to buy a new house?
- Do you want a trip to Spain?
- Do you want to hug your celeb crush?
- Do you want to attend many concerts?
- Do you want to become happier?

This collection of photos serves as your vision for your future. It should represent your dreams, your goals, and your ideal life.

HAVE A SPECIAL GUEST
